### **SINOVILLE COMMUNITY POLICING FORUM TAKES TOP HONOURS IN GAUTENG PROVINCE**

**PRETORIA** – On Friday, 4 October 2019, the Sinoville Community policing Forum (CPF) received the South African Police service Gauteng Province Annual Excellence award for CPF of the year at a Gala event that was held at Emperors Palace.

This annual award is in recognition of the hard work, long hours and dedication of members of the Sinoville CPF to assist the Sinoville SAPS in combatting crime through a collective partnership where members spend hours of their own time fighting crime through patrols, assisting with operations, hosting events and assisting with crime prevention activities through partnerships to address crime.

The Sinoville CPF was established in accordance with the national crime fighting strategy to involve the community to play an active role in combating crime, and through the years established itself as a serious partner in this regard.

The station commander of Sinoville SAPS, Colonel Maria Roberts, on behalf of all the police members of Sinoville SAPS, would like to congratulate and thank all the members of the Sinoville CPF for their loyal support and often unthankful acts in the community.

“Through this strong and successful partnership, our community will prosper and a safe environment will be maintained.” Said Roberts.
